

Sale Name: Firearm & Ammunition - Sportsman's Absolute Auction

LOT 30 - SAVAGE ARMS STEVENS 94 .410GA SHOTGUN

Description

(4.1 10:16 AM) Edit: Added additional pics - our gun guy had these comments, there appears to be a crack at the end of the barrel (shown in pic). The stock is plastic, not real wood, just looks like wood. The gun appears to be pre-56 because there's no serialization. These comments are just off-the-record speculation.
